Preliminary Damage Assessment Report

Havasupai Tribe – Severe Storms, Flooding, and Landslides FEMA-4389-DR

Declared August 31, 2018

On August 8, 2018, Chairwoman Muriel Coochwytewa requested a major disaster declaration due to severe storms, flooding, and landslides during the period of July 11-12, 2018. The Chairwoman requested a declaration for Public Assistance and Hazard Mitigation for the Havasupai Tribe. During the period of August 1-3, 2018, joint federal, tribal, and local government Preliminary Damage Assessments (PDAs) were conducted in the requested areas and are summarized below. PDAs estimate damages immediately after an event and are considered, along with several other factors, in determining whether a disaster is of such severity and magnitude that effective response is beyond the capabilities of the tribe and the affected local governments, and that Federal assistance is necessary.¹

On August 31, 2018, President Trump declared that a major disaster exists in the Havasupai Tribe. This declaration made Public Assistance requested by the Chairwoman available to the Havasupai Tribe on a cost-sharing basis for emergency work and the repair or replacement of facilities damaged by the severe storms, flooding, and landslides. This declaration also made Hazard Mitigation Grant Program assistance requested by the Chairwoman available for hazard mitigation measures for the Havasupai Tribe.²

Summary of Damage Assessment Information Used in Determining Whether to <u>Declare a Major Disaster</u>

Individual Assistance - (Not requested)

• Total Number of Residences Impacted:³

Destroyed - - Major Damage - - Affected - -

- Percentage of insured residences:⁴
- Percentage of low income households:⁵
- Percentage of ownership households:⁶ -
- Total Individual Assistance cost estimate: N/A

Public Assistance

Primary Impact: Damage to parks and recreation facilties

Total Public Assistance cost estimate: \$419,760
Per capita impact: 7 \$902.71
Per capita impact indicator: 8 \$1.46

- Destroyed total loss of structure, structure is not economically feasible to repair, or complete failure to major structural components (e.g., collapse of basement walls/foundation, walls or roof);
- o Major Damage substantial failure to structural elements of residence (e.g., walls, floors, foundation), or damage that will take more than 30 days to repair;
- Minor Damage home is damaged and uninhabitable, but may be made habitable in short period of time with repairs; and
- o Affected some damage to the structure and contents, but still habitable.
- ⁴ By law, Federal disaster assistance cannot duplicate insurance coverage. 42 U.S.C. § 5155 and 44 C.F.R. § 206.48(b)(5).
- ⁵ Special populations, such as low-income, the elderly, or the unemployed may indicate a greater need for assistance. 44 C.F.R. § 206.48(b)(3).
- ⁶ Ibid. 44 C.F.R. § 206.48(b)(3).
- ⁷ Based on State population in the 2010 Census.
- ⁸ Statewide Per Capita Impact Indicator for FY18, Federal Register, October 1, 2017.

¹ The Preliminary Damage Assessment (PDA) process is a mechanism used to determine the impact and magnitude of damage and resulting needs of individuals, businesses, public sector, and community as a whole. Information collected is used by the State as a basis for the Governor's request for a major disaster or emergency declaration, and by the President in determining a response to the Governor's request (44 CFR § 206.33).

² When a Governor's request for major disaster assistance under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended (Stafford Act) is under review, a number of primary factors are considered to determine whether assistance is warranted. These factors are outlined in FEMA's regulations (44 CFR § 206.48). The President has ultimate discretion and decision making authority to declare major disasters and emergencies under the Stafford Act (42 U.S.C. § 5170 and § 5191).

³ Degree of damage to impacted residences:
